IP attaché program and Patents 4 Partnerships initiative

Shira Perlmutter

August 13, 2020

Patent Public Advisory Committee quarterly meeting

UNITED STATES
PATENT AND TRADEMARK OFFICE

IP attaché program

- Intellectual property (IP) experts working abroad to promote U.S. IP policies and assist U.S. stakeholders
 - Located in U.S. embassies and consulates around the world
 - Promote high-quality IP protection and enforcement

IP attaché services

- Advocate to improve IP policies, laws, and regulations through: engagements with foreign officials; training; and public awareness efforts
- Support U.S. stakeholders, including by providing information on navigating the IP landscape in foreign markets

IP attaché regional coverage

IP attaché contact information

- Visit uspto.gov/ipattache to:
 - Learn more about the IP attaché program
 - Contact an IP attaché directly
- Contact IP Attaché Program Director
Dominic Keating at
Dominic.Keating@uspto.gov

Patents 4 Partnerships

- Web-based platform offering a way for patent holders and potential licensees to connect
 - Facilitates contacts between potential licensors and licensees in technologies that rely on patent protection
 - Initial focus on technologies for the prevention, treatment, and diagnosis of COVID-19, as well as personal protective equipment (PPE), medical devices, and drug development tools.
 - Can be used to search U.S. patents and patent application publications relevant to selected technologies

Title	Patent/Public Number	First Named Inventor	Issue/Pub Date	Licensing Options
Ultra-Sensitive And Universal Specific Detection Pipeline For Next Generation Sequencing Data	20200131509	Jiang, Chan	04/05/2020	Available
Recombinant Adenovirus-Based Interferon Biotherapeutics In Swine	20200100479	Zhu, James J.	04/02/2020	Available
Aerosol Particle Growth Systems Using Polymer Electrolyte Membranes	1058340	Kulkarni, Pramod S.	03/05/2020	Available
Profusion Coronavirus Spike Proteins And Their Use	20200561385	Graham, Barney	02/27/2020	Available
Microparticle Diffusion Devices And Systems, And Methods Of Manufacturing And Using Same	20200091271	Priddy, Joseph A.	02/07/2020	Available
Manual Ventilation Feedback Sensor For Use In Clinical And Training Settings	20200046932	Duval-Arnould, Jordan	02/03/2020	Available
Chlorine Dioxide Gas Releasing Package Label Insert For Enhancing Minimal Safety Of Food	10537125	Amouz, Barham A.	01/27/2020	Available
Antigen Adjunct Coupling Reagents And Methods Of Use	20190398182	Irwin, David L.	11/08/2019	Available
Self-Assembling Inert Ferriite Nanoparticles For Display Of Co-Assembled Trimeric Antigens	20190302719	Kovacs, Peter	10/04/2019	Available
Lectin And Uses Thereof	10450955	Markovitz, David M.	10/02/2019	Available
Aerosol Based Antigen For Respiratory And Tolerant Applications	10448005	Meady, Mary Ann E.	10/15/2019	Available
