**Subject:** In Support of PTAB Reform  
**Date:** Tuesday, July 3, 2018 1:19:30 PM

---

To Whom It May Concern:

I am writing in support of the proposed rule to reform the PTAB process by applying the Phillips claim construction standard, and by taking into account prior claim constructions from prior proceedings of the PTAB or district court.

I also encourage Director Iancu to seek further reforms to restore integrity to our patent and intellectual property system. This system is essential to protecting the rights of innovators and ensuring that innovation is encouraged and rewarded in the US.

Thank you very much.
