**Subject:** Comments on Changes to the Claim Construction Standards for Interpreting Claims in Trial Proceedings before the PTAB  
**Date:** Thursday, June 28, 2018 9:19:47 AM

---

Sir:Madam:

I support the adoption of the proposed rule that is the subject of your May 3, 2018 notice as above.

A few suggested ideas:

Replace the broadest reasonable interpretation (BRI) standard with the Phillips standard.

USTO should vacate all PTAB orders that have been issued for all post grant proceedings in which ant claim construction standards other than the Phillips was used

The rule change be expanded to be made applicable to all post grant reviews, reexamination, IPRs.

Thank You

Tim Murphy
